INTRODUCING EXPAC MOTION

Every shipment, live in one place

Technology driven international shipping

Quotes, tracking, documents, warehouse, invoices and a direct line to our team, in one customer portal.

MAKE YOUR GLOBAL FREIGHT SIMPLER

One digital platform for your shipments, warehousing and tasks

Request quotes

Ask for a price in a few clicks, any mode.

Accept online

Accept, decline or ask for a revision.

Track and trace

Live map, milestones and carrier events.

Documents

Download ours, upload yours, per shipment.

Warehouse

Stock by SKU, receipts, releases, services.

Invoices

Balance, ageing and every invoice PDF.

Reports

Shipments, spend and storage, as CSV too.

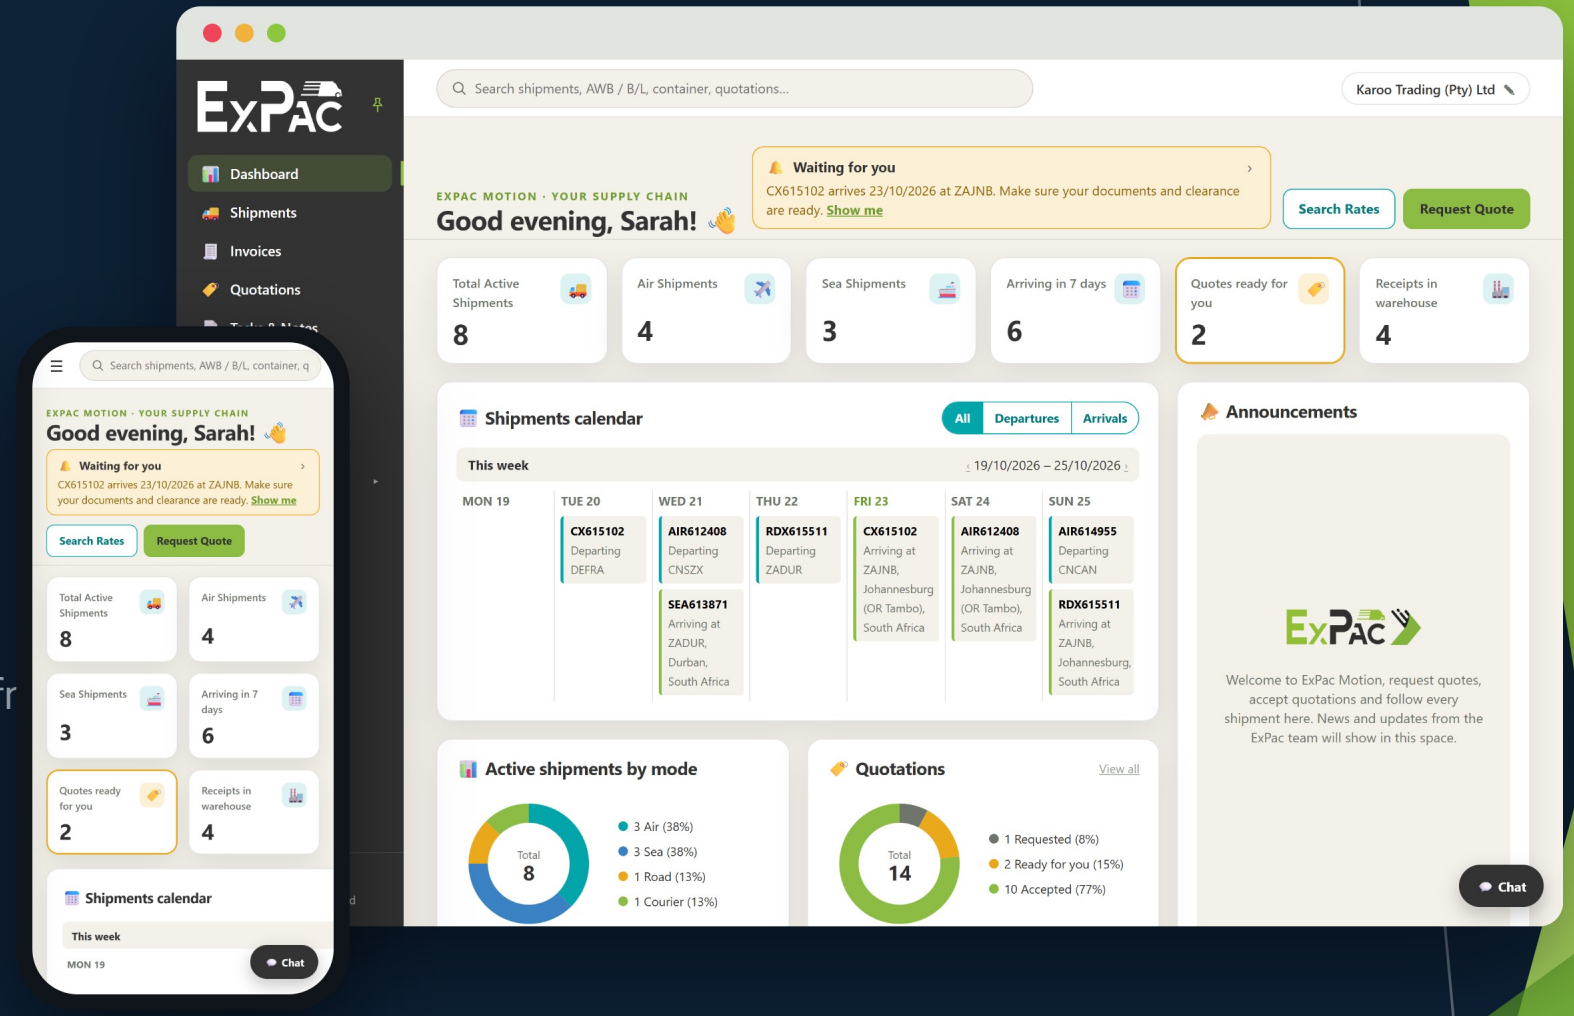

Chat with ExPac

Message our team about any shipment.

Introducing ExPac Motion

Elevate your shipping experience.

See every shipment, quotation, warehouse receipt and invoice, live fr the same system our team works in.

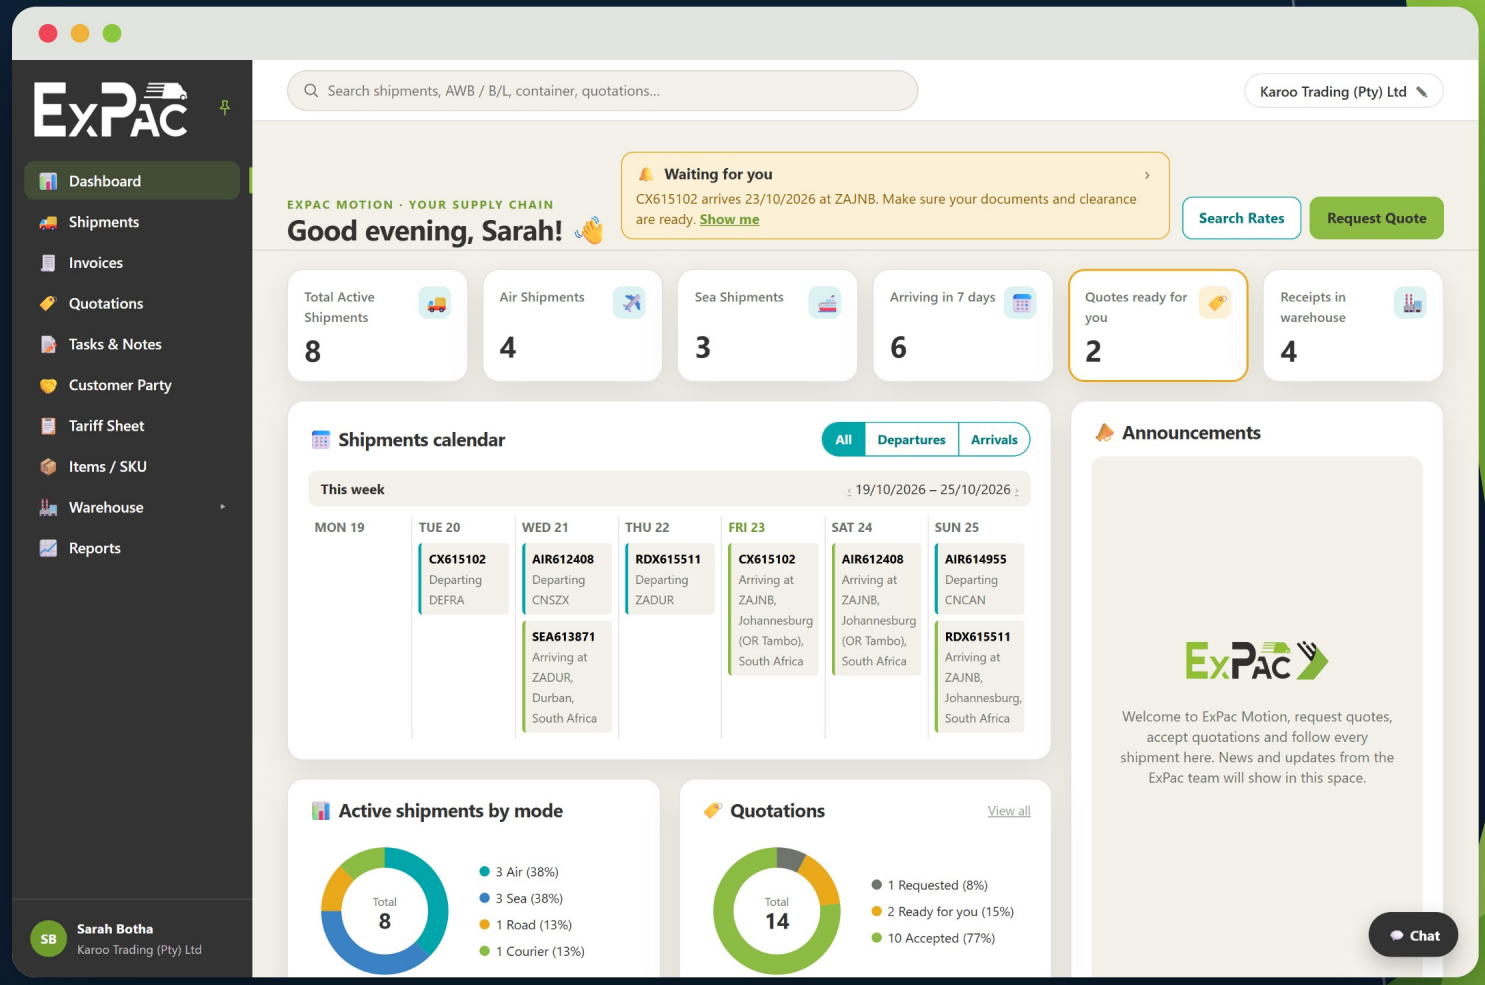

Your dashboard, at a glance

1. **Waiting for you**
   Arrivals, documents and quotes that need you, flagged first.

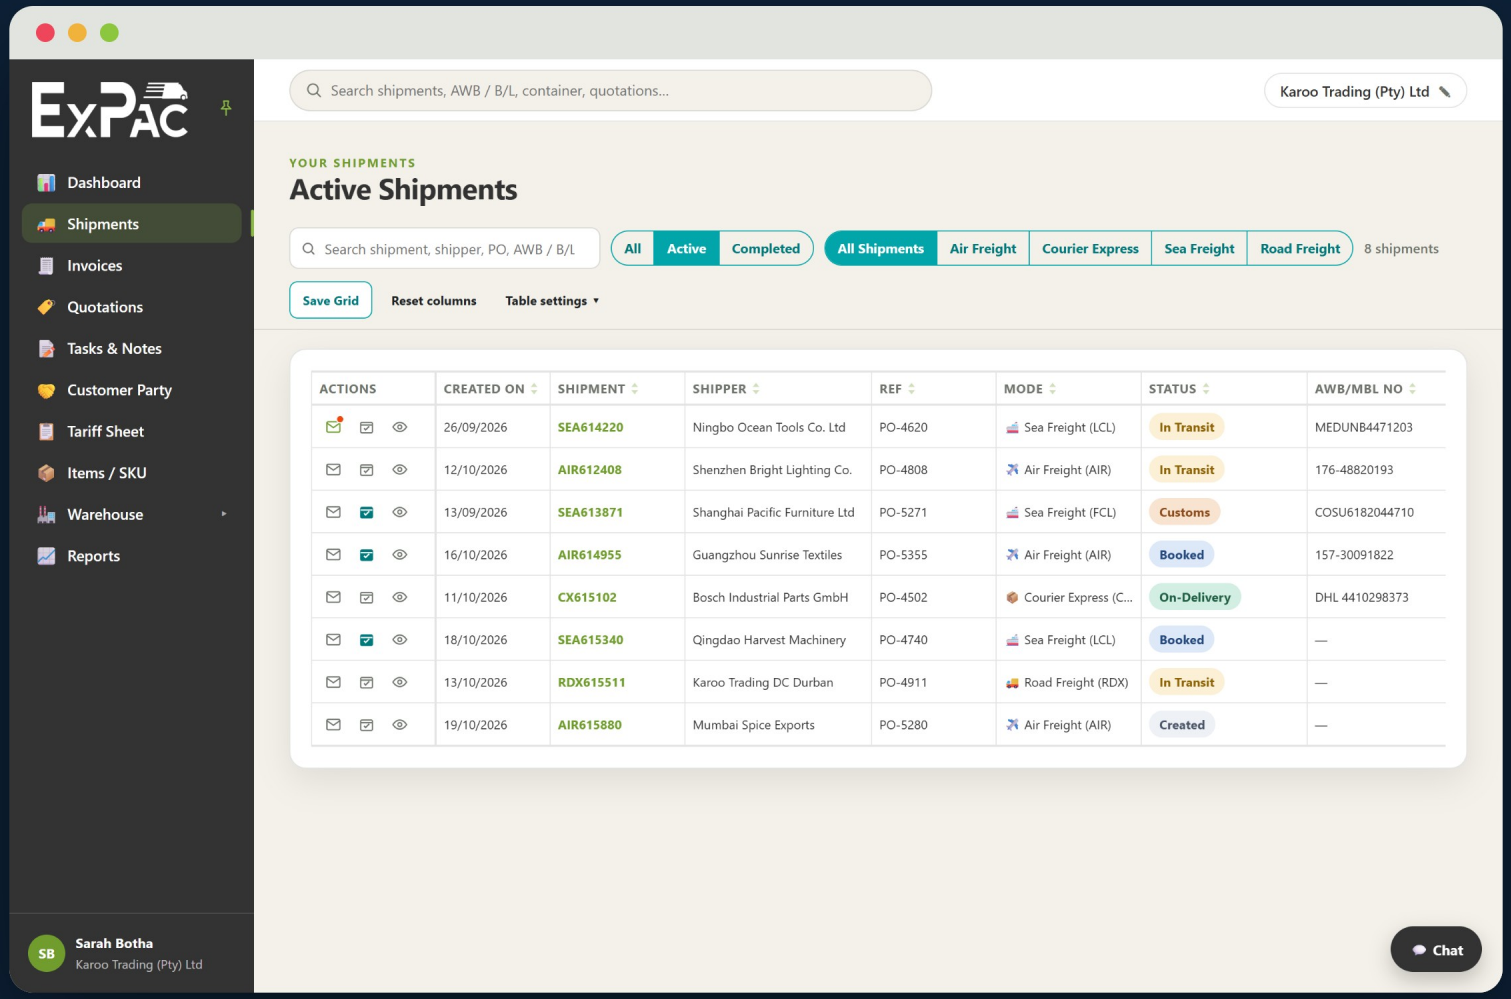

2. **Live counts**
   Active shipments by mode, arrivals this week, quotes ready, goods in store.

3. **Shipments calendar**
   Every departure and arrival this week, day by day.

A single list for all your shipments

Filter by status or mode, search any AWB, B/L, container or PO, and keep the columns you like.

Stay updated on key milestones

13-step timeline

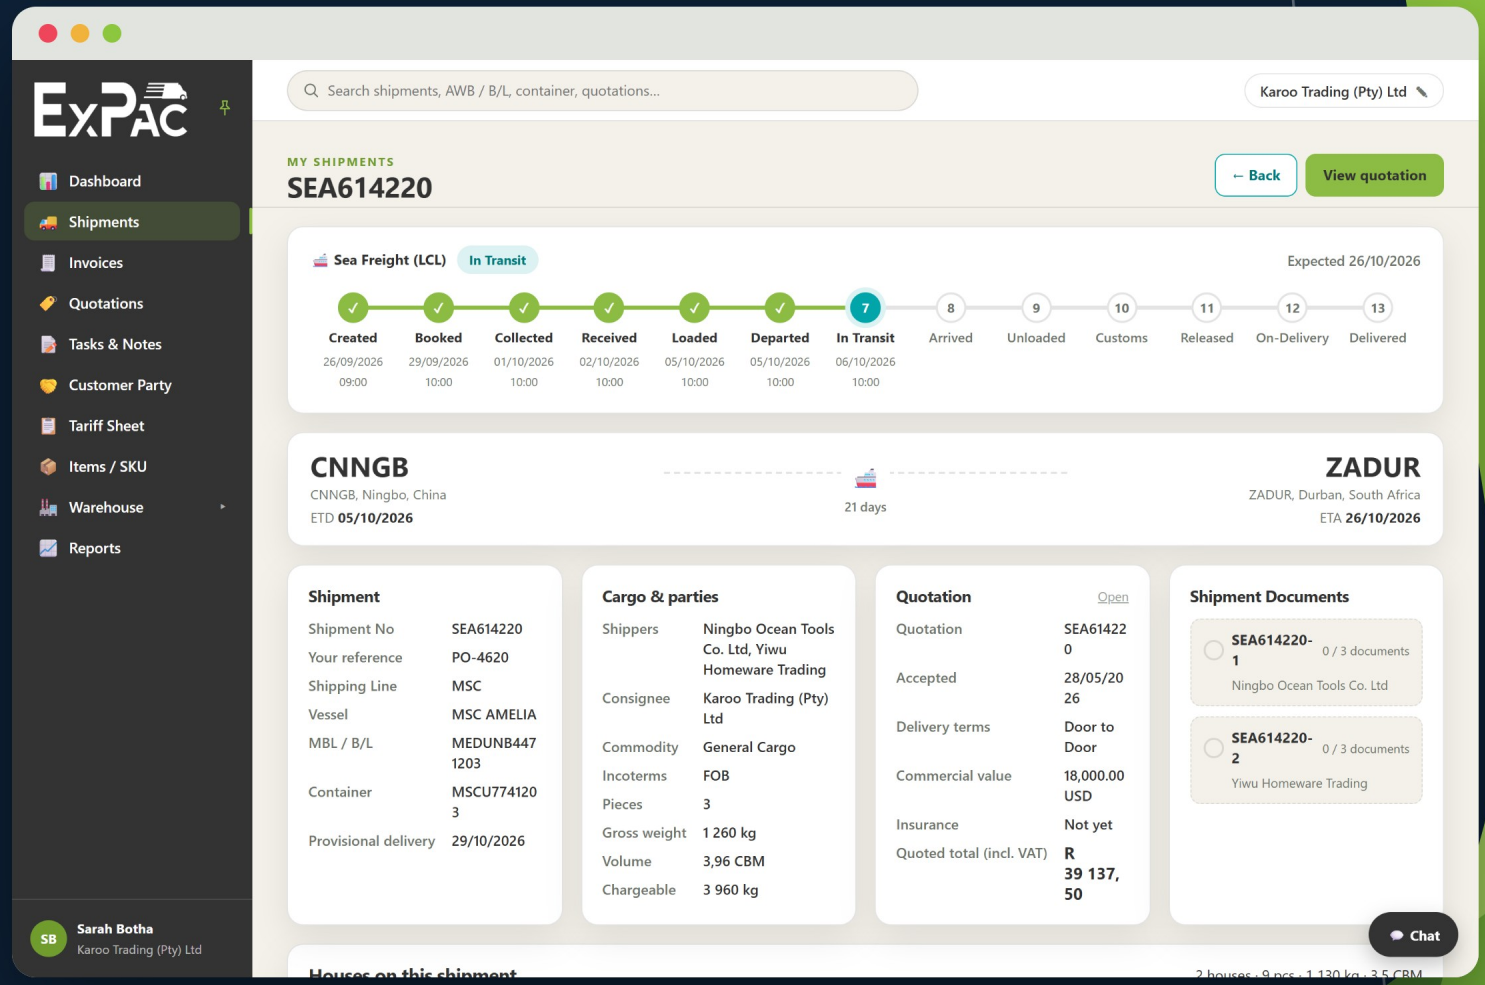

From Created to Delivered, each step dated as it happens.

All the details

Shipping line, vessel, B/L, container, weights and the quotation behind it.

Documents in one place

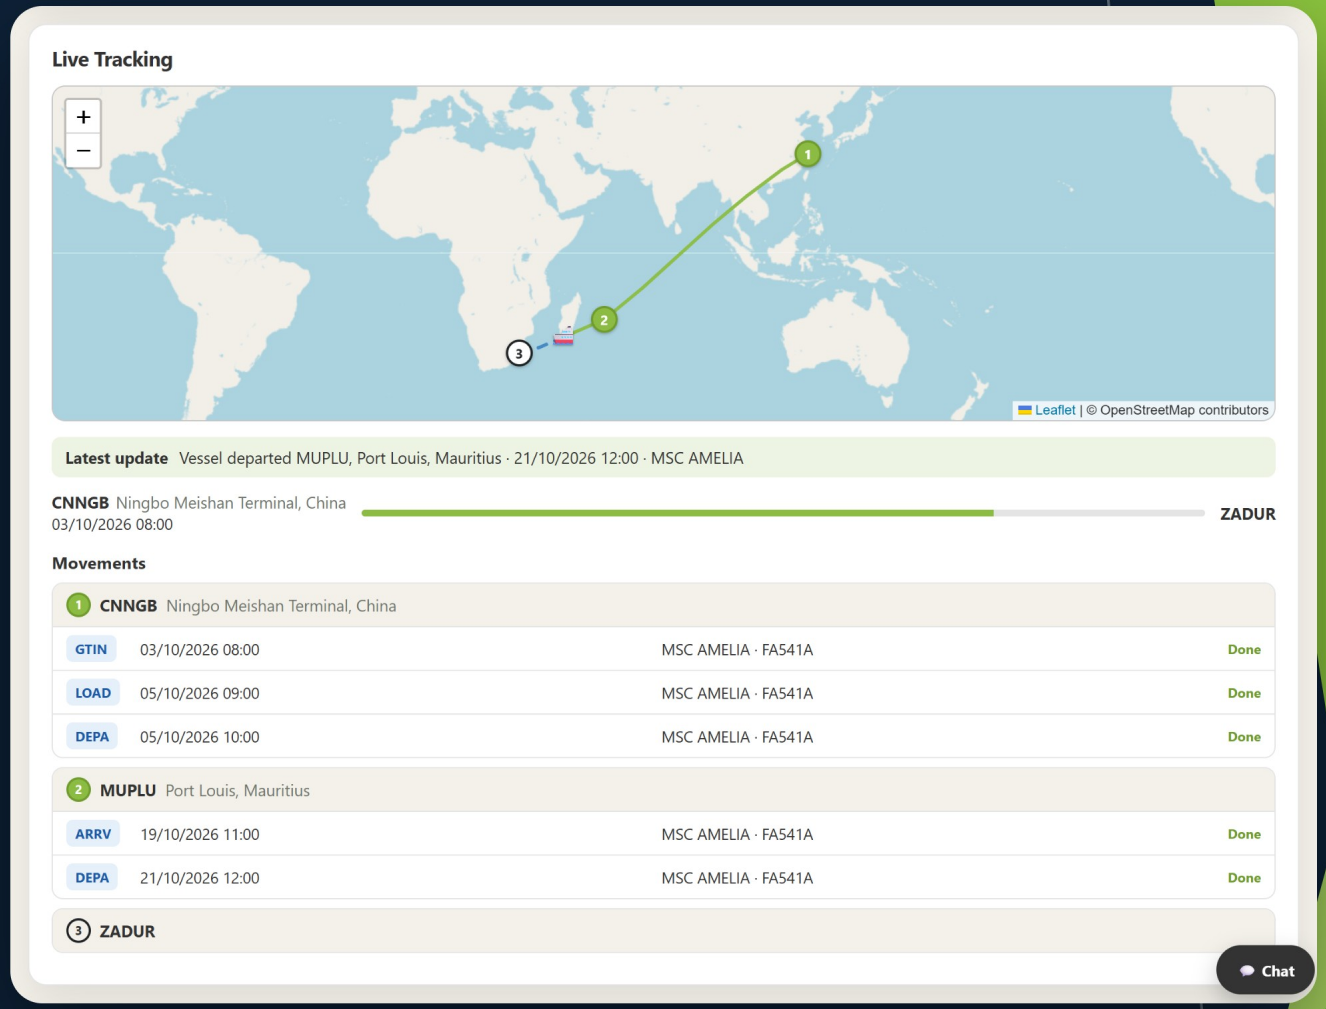

Download ours, upload yours, per house on a consolidation.

Real-time Track & Trace

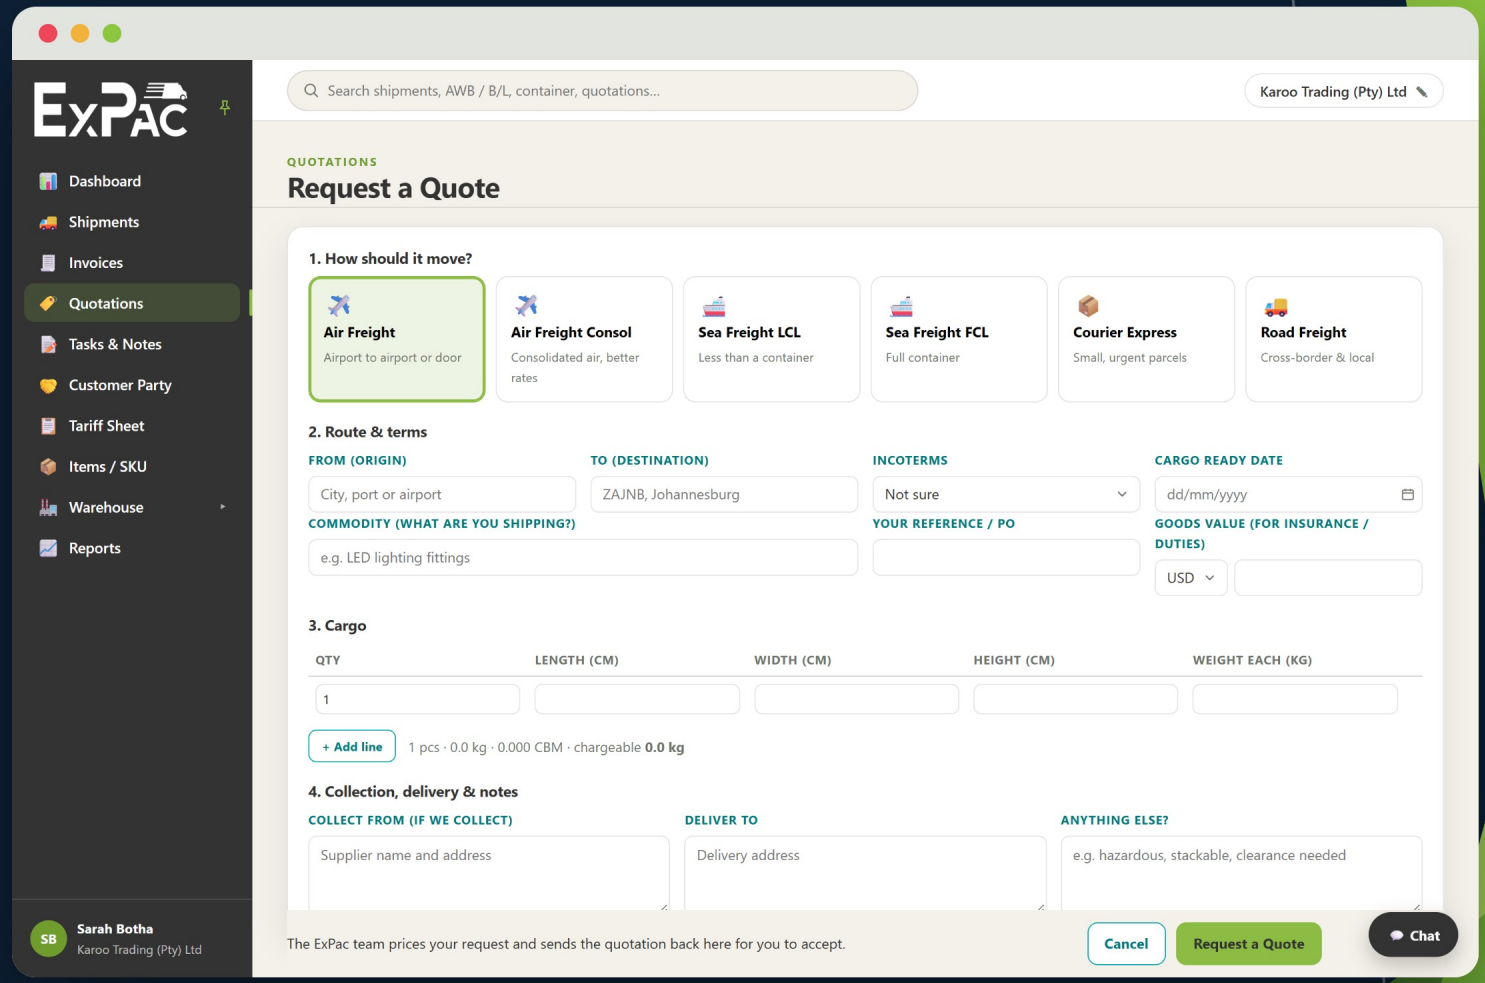

Carrier tracking is built into the portal: the route, the vessel's position and every port movement.

Stay efficient with everything in one place.

Request quotes with a single click

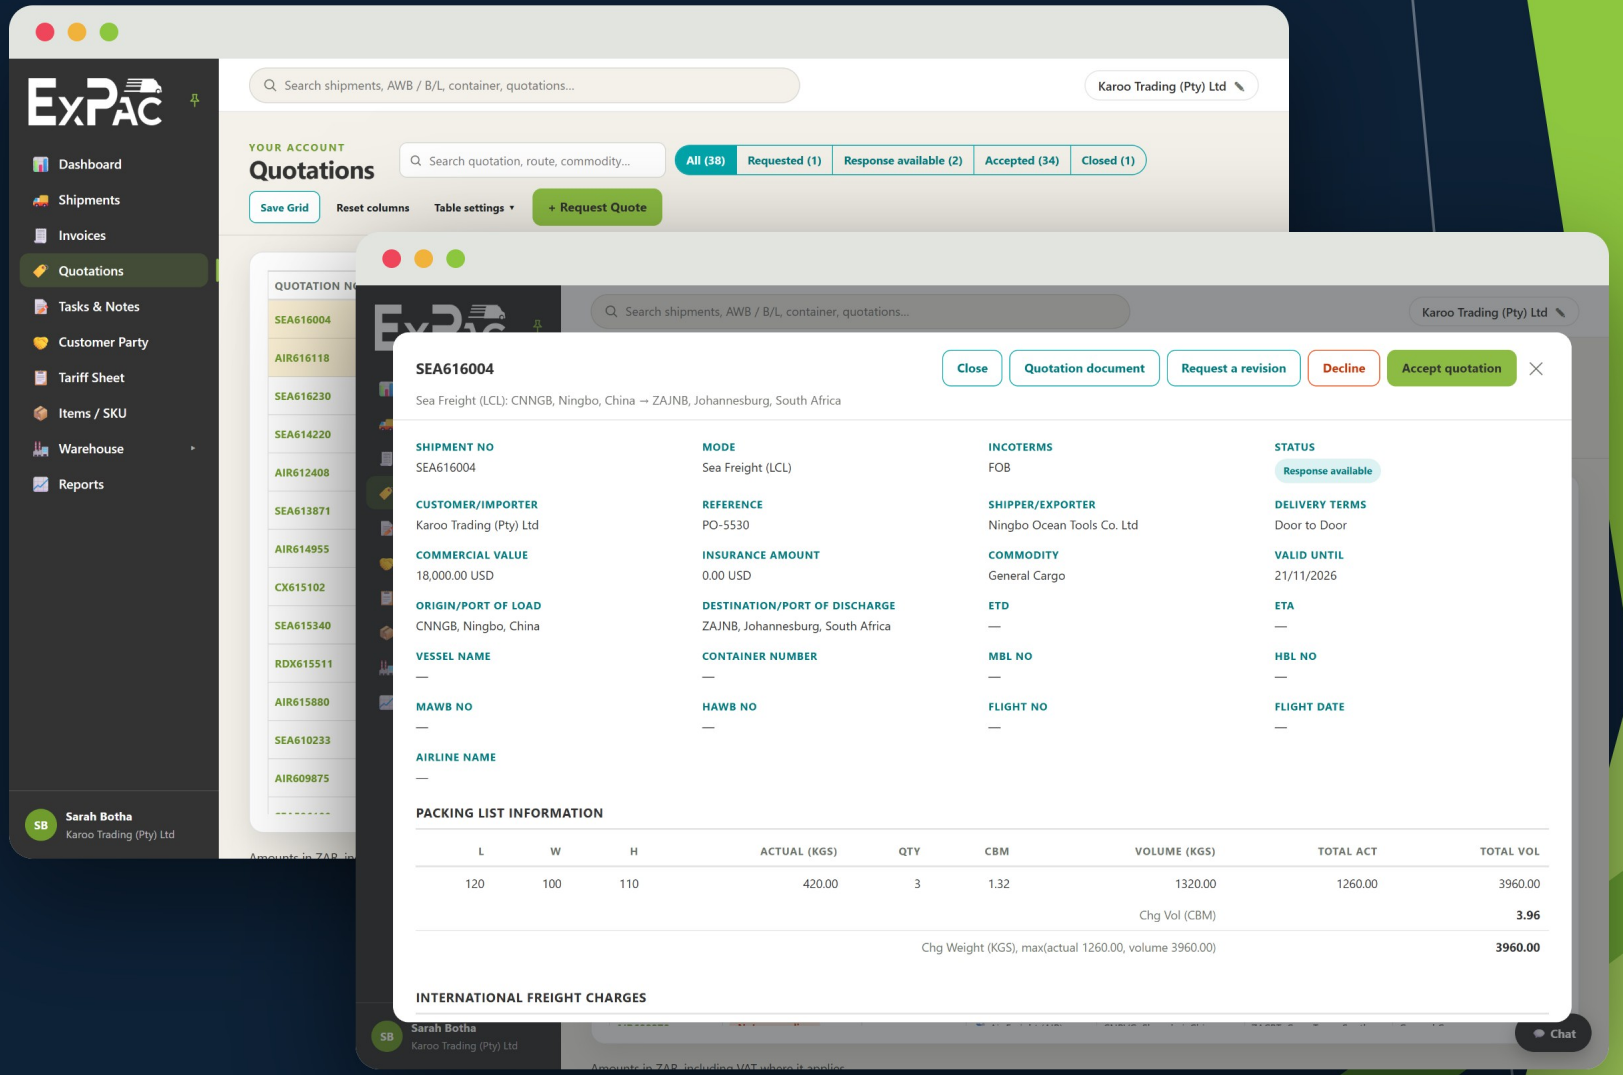

1. Choose air, sea, courier or road
2. Add the route, terms and ready date
3. List the cargo, chargeable weight is worked out for you
4. Send it, the priced quotation comes back here

Review, accept or ask for a revision

Every quotation in one list, with the ones waiting for you highlighted.

Open one to see the charges and packing list, download the quotation, then accept, decline or request a revision.

Updates land in your inbox too

Every detail in the email

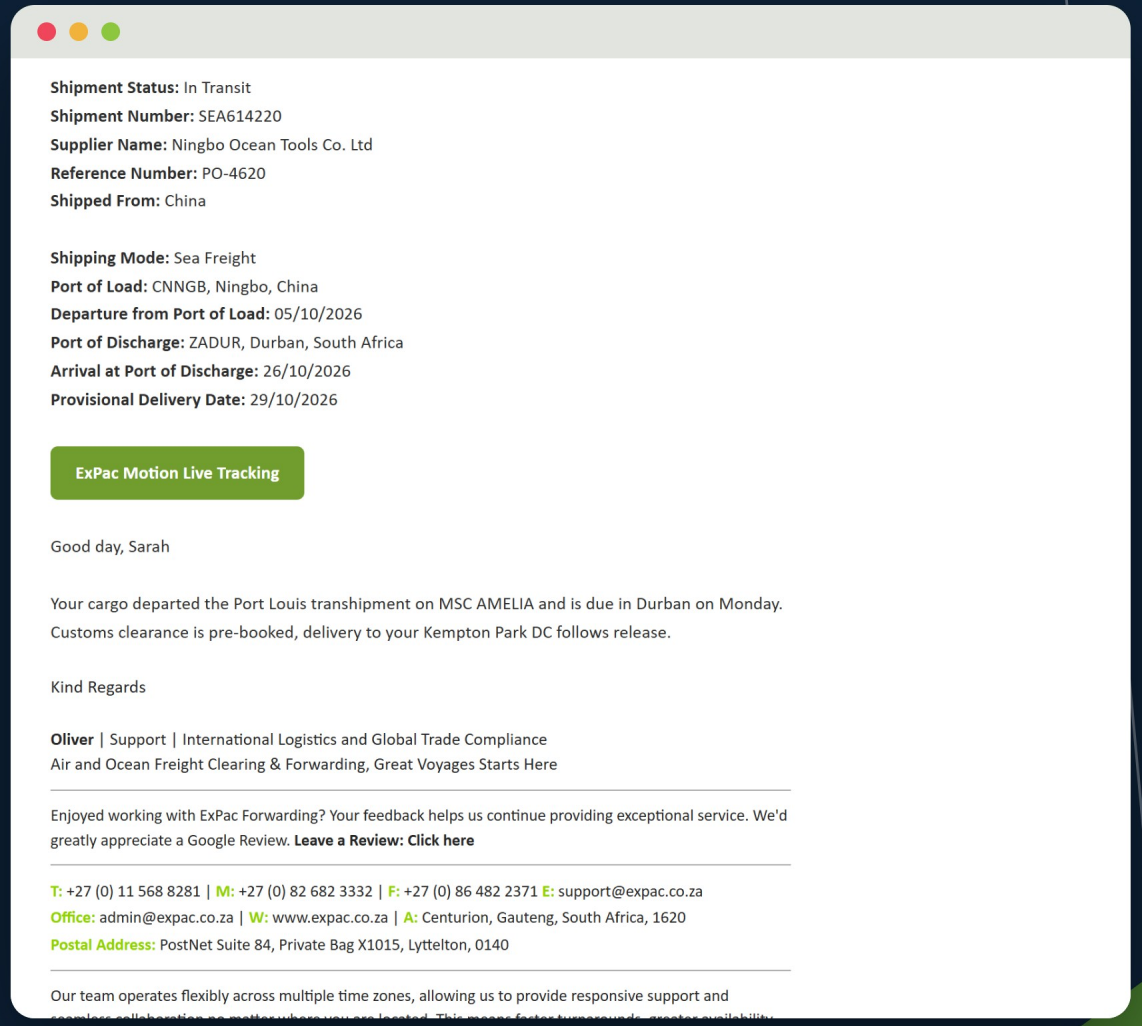

Status, ports, departure and arrival dates, and the provisional delivery date.

One click to Live Tracking

The button opens the shipment's tracking straight from the email.

Replies stay on the shipment

Answer the email and it lands on the shipment in Motion, so nothing gets lost.

Our team operates flexibly across multiple time zones, allowing us to provide responsive support and

Talk to us without leaving the portal

Chat with ExPac

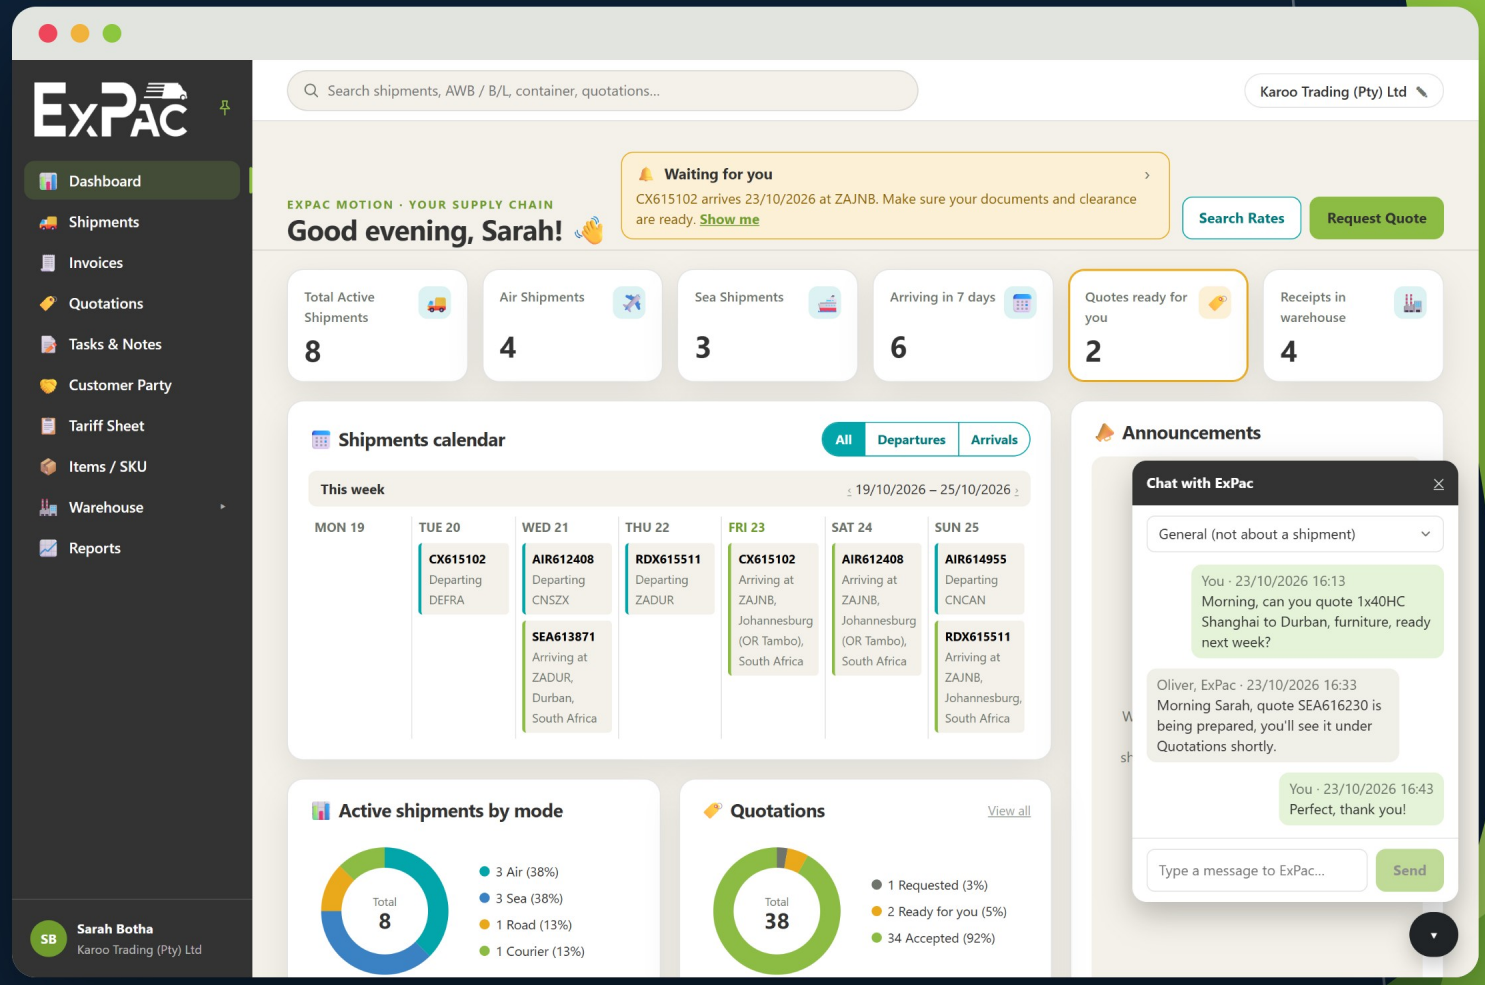

A general question, or one about a specific shipment.

History on the shipment

Emails and messages stay with each shipment for everyone involved.

Straight to our team

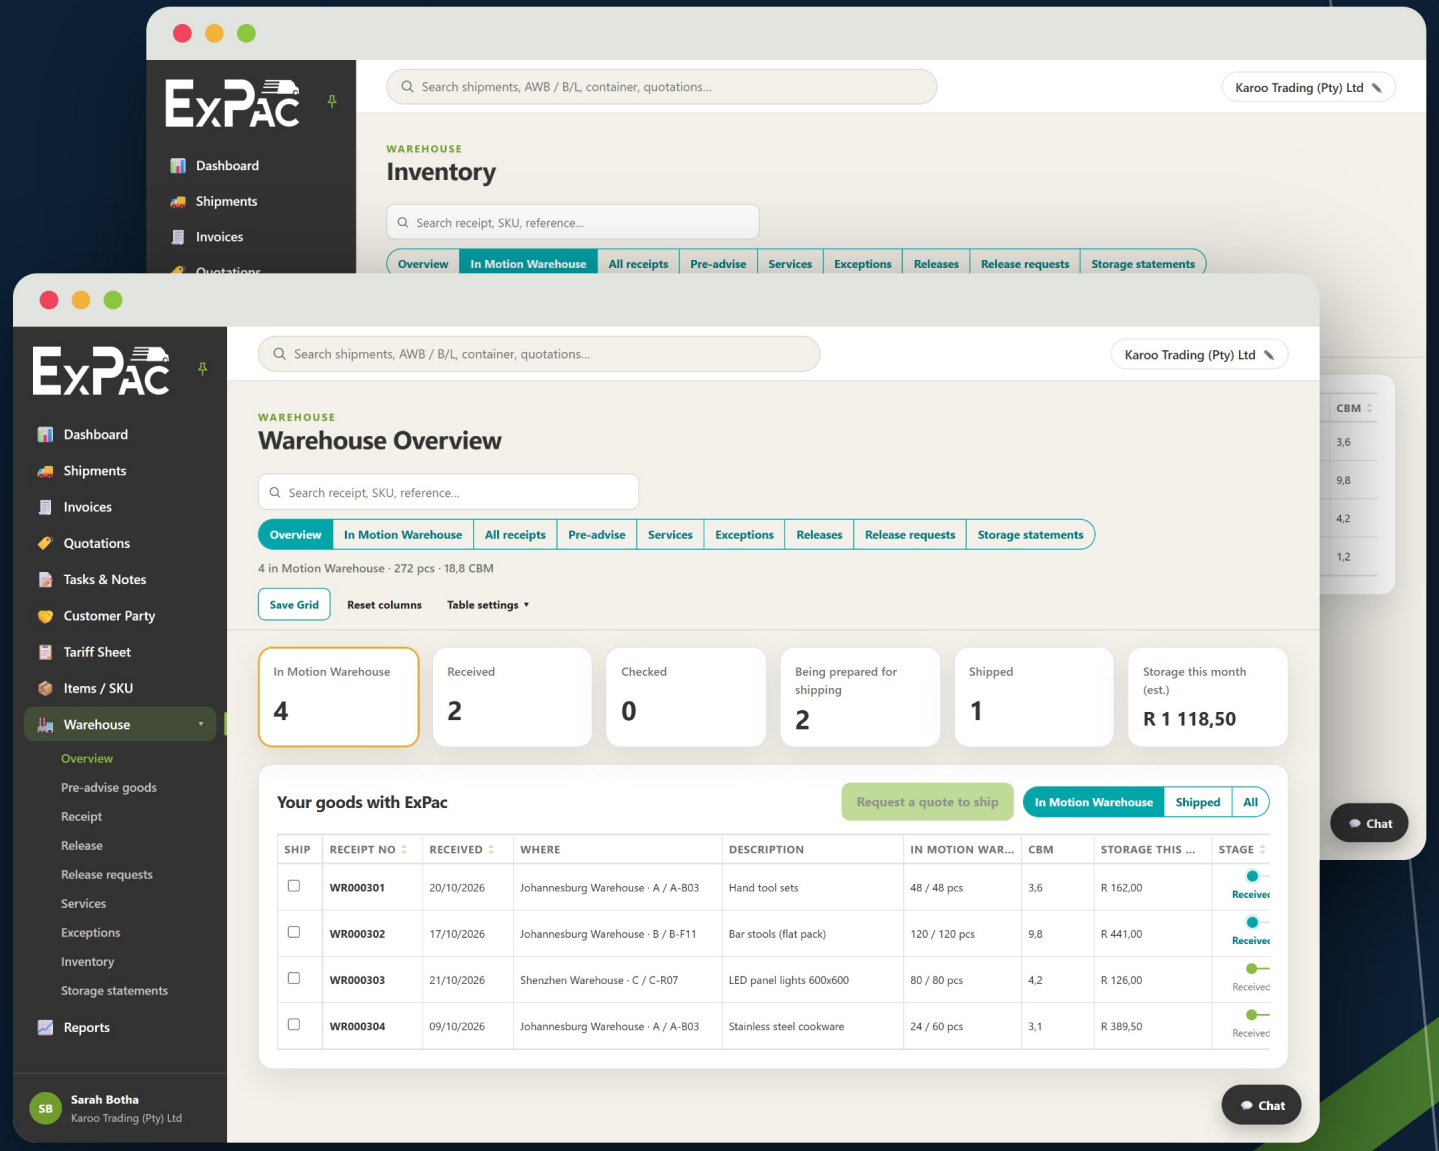

Messages arrive in Motion with the shipment already attached.

A modern warehousing system

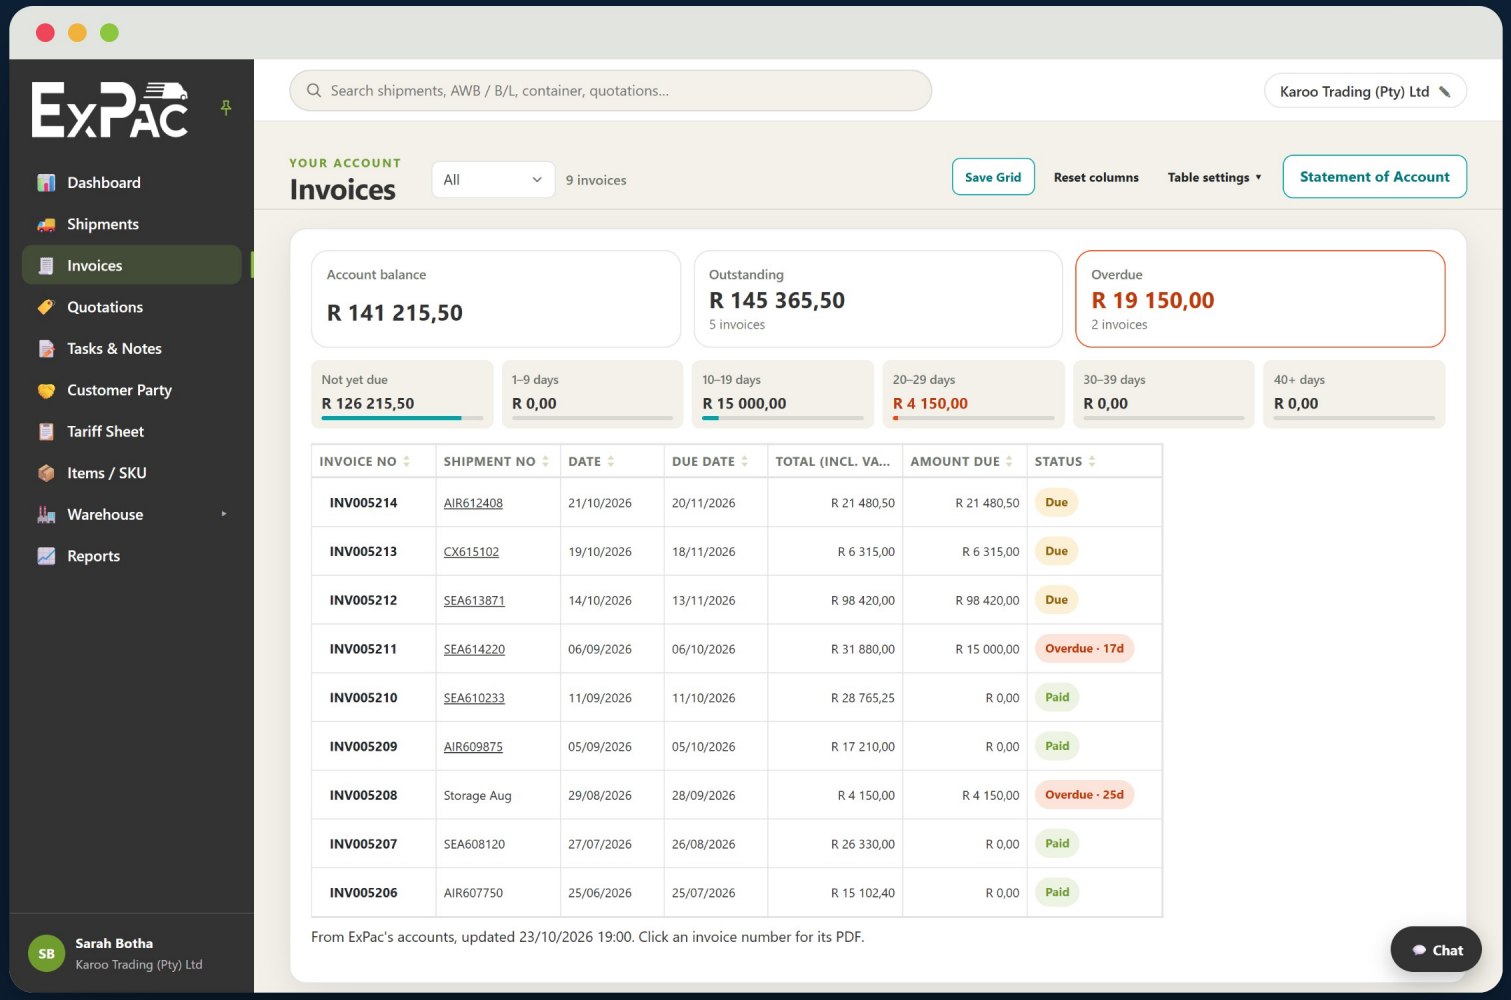

A full picture of your stock

- Every receipt, its bay and stage
- Inventory by SKU, live counts
- Pre-advise incoming goods
- Request releases and services
- Storage costs and statements

View all invoices

Your balance, ageing and every invoice from our accounts, with each PDF a click away.

Reporting and analytics

No more spreadsheets back and forth. Your supply chain figures, ready when you are.

- Shipments per month by mode
- Freight spend over time
- Warehouse receipts per month
- Storage and services costs
- CSV download on every report

Your portal on your phone

Same live portal

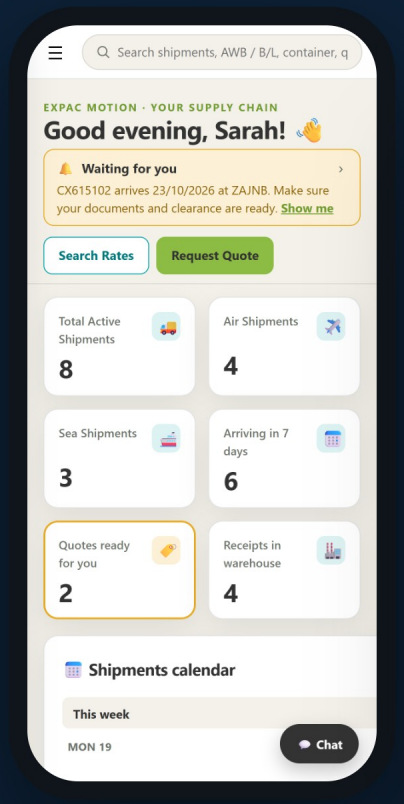

Laid out for a phone: the menu folds away and cards stack.

On the move

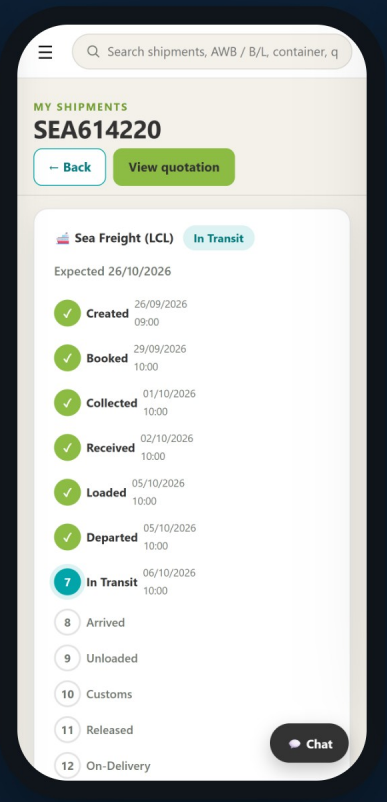

Check a status, open a document or reply to us from anywhere.

Nothing to install

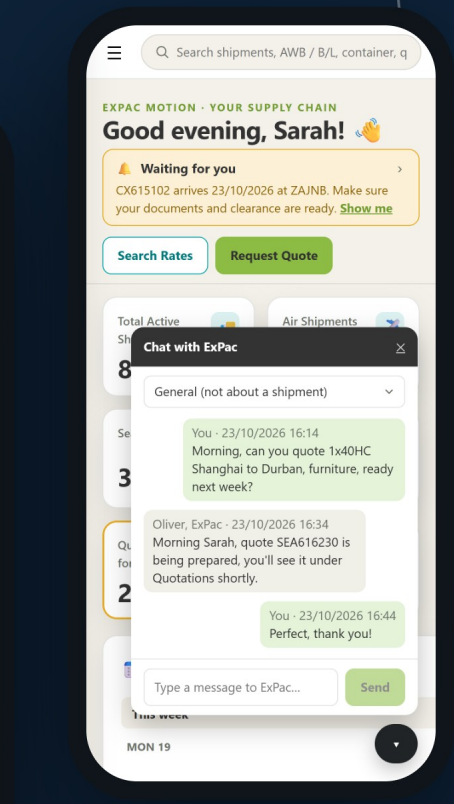

Works in any phone browser.

Dashboard

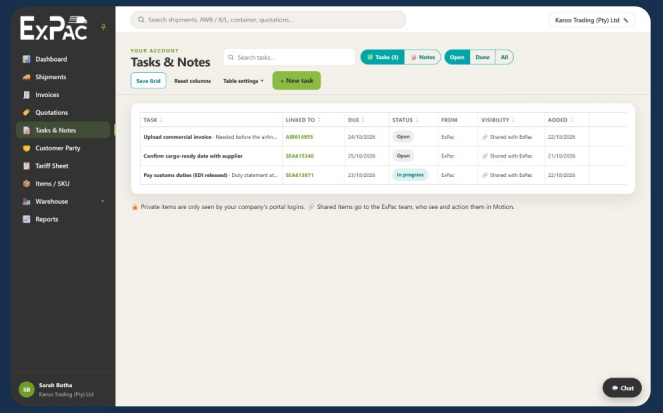

Shipment timeline

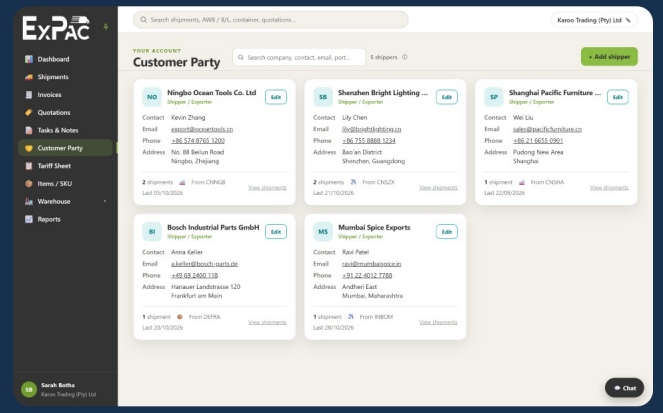

Chat

And everything else, in one place

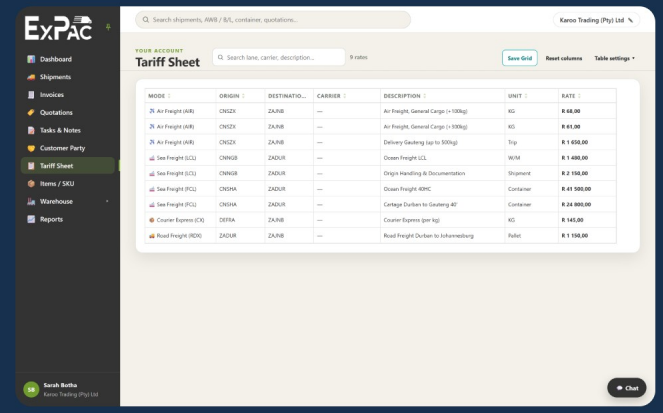

Tasks & Notes

What ExPac needs from you, due dates included, and notes shared with our team.

Customer Party

Your suppliers and shippers with their contacts, ready for the next booking.

Tariff Sheet

Your agreed rates per mode and lane, searchable any time.

Thank you!

Let’s get your shipments moving.

Ask us for your portal login, or for a walk-through with your own shipments.
